

**REMARKS**

Claims 1-20 are pending. The Office Action dated August 4, 2006 in this Application has been carefully considered. The above amendments and the following remarks are presented in a sincere attempt to place this Application in condition for allowance. Claims 7-14 have been withdrawn from consideration in this Response. Reconsideration and allowance are respectfully requested in light of the above amendments and following remarks for those Claims not in condition for allowance.

Claim 1-20 stand restricted under 35 U.S.C. § 121, Manual of Patent Examining Procedure (MPEP) § 808.02. The Examiner identified two groups of Claims, Group I, Claims 1-6 and 15-20 and Group II, Claims 7-14. Applicants elect the Claims of Group I, Claims 1-6 and 15-20, drawn to a method and system of determining an Internet Protocol address of an application server to prosecute in the present application as required by the Examiner.

Applicant has now made an earnest attempt to place this Application in condition for allowance. For the foregoing reasons and for other reasons clearly apparent, Applicant respectfully requests full allowance of Claims 1-6 and 15-20.

Applicant does not believe that any fees are due; however, in the event that any fees are due, the Commissioner is hereby authorized to charge any required fees due (other than issue fees), and to credit any overpayment made, in connection with the filing of this paper to Deposit Account No. 50-0605 of CARR LLP.

Should the Examiner deem that any further amendment is desirable to place this application in condition for allowance, the Examiner is invited to telephone the undersigned at the number listed below.

Respectfully submitted,

CARR LLP
